Welcome to CS 105
Introductions

• Tell us about yourself (Name, Major, Interests)
Why are we here?

To understand what a computer is

To get our feet wet with programming...

... and eventually swim

Most of all: To have fun
What to Expect

• Topics

• Deliverables
  1000 points (500 homework, 300 exams, 200 labs)

• Extra Credit
  Up to 50 points for perfect lecture attendance
A little *fine print*

• Be on time!

• No late submissions on homework

• No cheating

• No personal electronic devices (phones etc.)
Resources

• Your most important resource:
  • http://cs105.cs.Illinois.edu

  • You can also find it by searching CS 105 in your favorite search engine

• Piazza

• Office Hours (Contact info is on the web site)
What is an algorithm?

• Set of instructions to solve a problem

• Like a recipe, for example

• Let’s have some fun with this
Let’s talk about Scratch...
Your turn!
