"Program 7"

On your own — ok to talk, ok to show, not ok to share content.
Find an exciting ECE4 project involving digital systems (software and/or hardware).
Interview one of the students who worked on (and did not simply present) the project.

Turn in ~1 page

- Name of project

- Name of person

- Most exciting aspect (from your point of view) — ~1/2 of a page

- Most challenging aspect (from their point of view) — ~1/2 of a page

- Relevant classes (ask them) — "none" will probably lose points...
